

Map Holder for Ski Orienteering

Designed and manufactured in Sweden

Ski-O Tight

Medallists in World Ski Orienteering Championships use map holders from Nordenmark Adventure!

Durable and versatile.

Weight: Holder 350g, standard map case 130g.

Vibration of the map case while skiing is prevented by a stand furnished with felt, creating a concave surface.

Anatomically shaped front plate. Isolated with foam plastic.

Adjustable elastic strap for a precise fit.

Press studs. Makes it possible to lock through the map.

360* Turnable map case. Size: A4+ 225 x 305 mm. Transparent.

Foldable arm.

Buckles for a quick and easy way of putting on and removing the map holder.
